SAP Sensor

## User's Manual
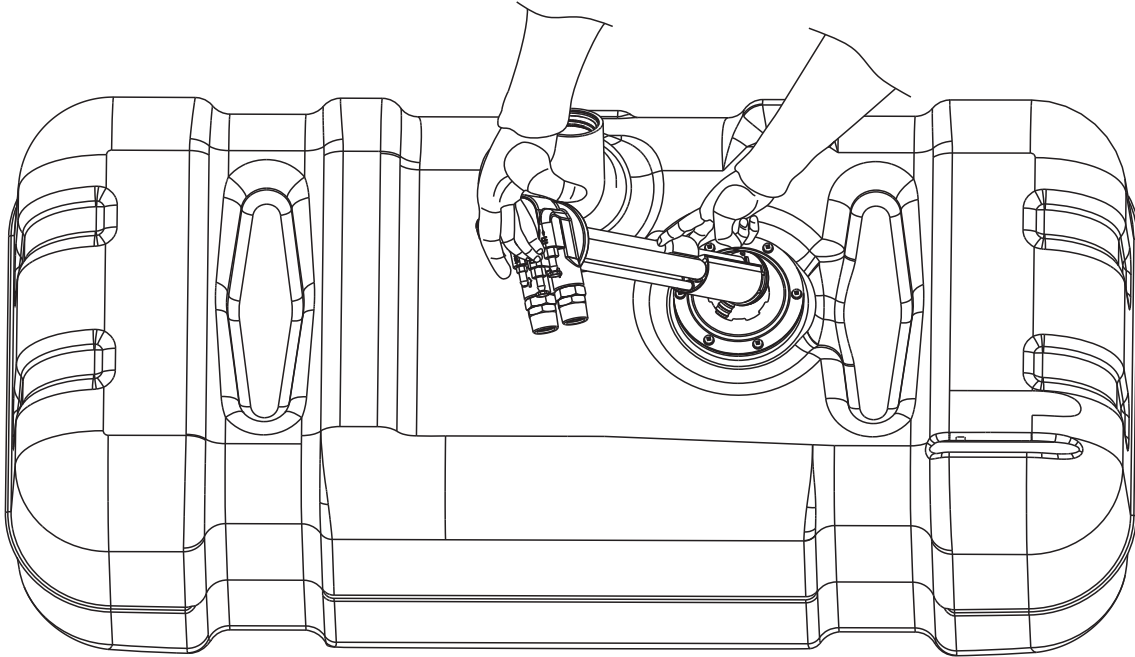

Step 1:

Insert the O-ring into the sensor

Step 2:

Insert the O-ring into the groove in the aluminum head of the sensor.

Step 3:

Move the float above the sensor (just above the plastic mesh) and hold it.
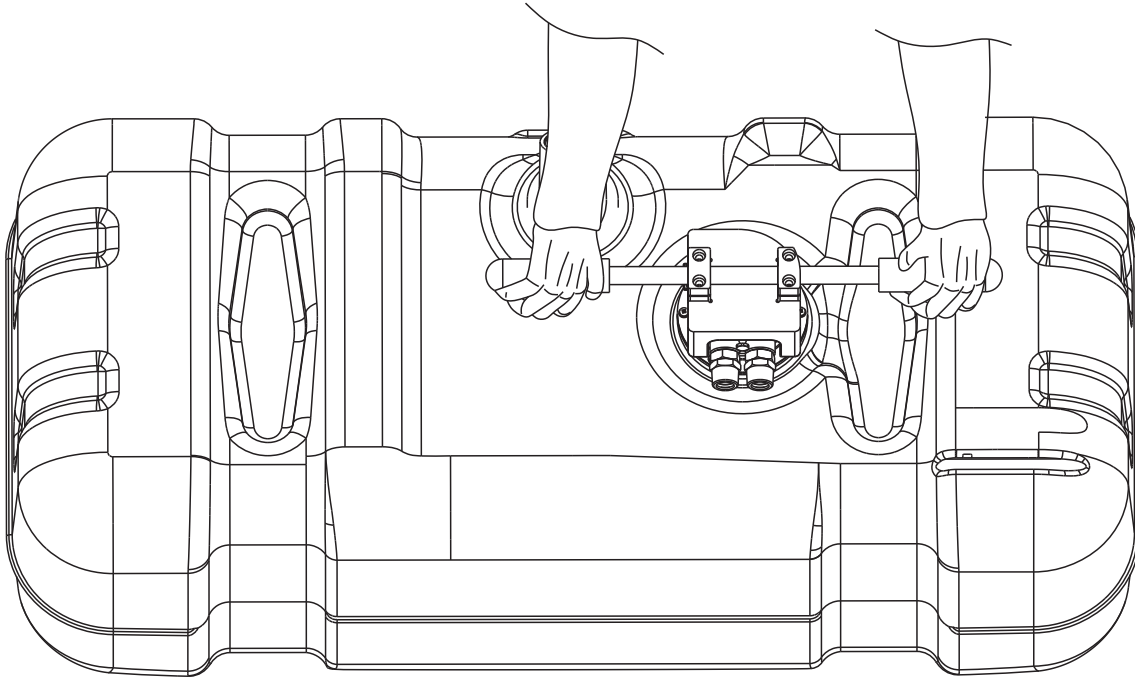

Step 4:

Slowly insert the whole sensor into the tank.

Step 5:

Insert the O-ring of the sensor into the holder of the fuel tank, then rotate it clockwise with the wrench/fixture for 30°. The assembly is complete.
